WHAT IN THE WORLD IS HAPPENING IN ISRAEL?

with Perry Stone

The world just marked two years since the horrific October 7 attacks on Israel. As we reflect on that anniversary, what do you believe God is revealing through that event, and what does it mean prophetically?

PS: I believe those attacks reveal how the enemy always overplays his hand. It's often said that if you give the adversary enough rope, eventually he will hang himself. The terrorists had no idea that Israel would retaliate against them in the manner they have. There cannot be any form of temporary prophetic peace in the Middle East that coexists with terrorist organizations. This war could initiate new talks between Israel and Arab neighbors that will, for a season, change the political and economic direction of the region.

You've spoken often about Israel being the prophetic timepiece. How do the events since October 7 fit into the broader biblical timeline?

PS: Most of the End Time and tribulation wars will center around parts of Europe, Asia, and the Middle East. The Antichrist will have a coalition of ten nations (Rev. 17:12). There is also the rise of the "kings of the east" (Rev. 16:12), along with the future wars recorded in Daniel and Revelation that center on the Jews, Jerusalem, and Israel (Dan. 9). Right now, we are seeing the early stages of events that will lead to Messiah's return to Jerusalem for His Millennial Reign (Rev. 20:1-4).

Some are asking whether this level of violence and hatred toward Israel is setting the stage for Ezekiel 38 and 39. Do you believe we are seeing that prophecy unfold in real time?

PS: Without going into all the details, the answer is one hundred percent yes!

What role do surrounding nations like Iran, Russia, and Turkey play in the current shaking – and what clues does Scripture give us about their involvement in the future events?

PS: This answer would take pages. Basically, from a political perspective and from their connections with terrorism, weapons, and ideology, this is a three-headed serpent. It is not the decent people or the Christian minorities in these nations, but their leaders who are being inspired by ancient spirits to make war and plot against God's covenant nation. However, every empire that chose to attack Jerusalem and Israel has found itself in the dust heap of history, and the same will be the end of any nation that declares war against God's covenant people.

You often say there is a spiritual dimension to global conflict. What's happening in the heavenlies over Israel right now, and how can believers pray with discernment?

PS: Based on Daniel 10, major conflicts with nations and empires that involve Israel often have an unseen cosmic battle occurring behind the scenes. As in Daniel, the fight is between Michael the Archangel (the guardian of Israel) and the higher-ranking prince spirits ruling the governments over other nations. If our spiritual eyes could be opened, we would be shocked at the unseen battle occurring over the souls

of mankind. Fasting, prayer, and praying in the Spirit are no longer optional, and we must remain consistent.

As we reflect on two years since the October 7 attacks, what lessons should we carry forward and hold onto, even in the midst of the darkness?

PS: First is that life is short and fragile in comparison to eternity. Second is that sudden and unexpected events, such as October 7, are always the ones that change a nation (such as 9/11). Third, we must keep ourselves ready for the return of Christ or our earthly departure at any time, as we do not know the day or the hour of either Christ's coming or our appointment with eternity. The Kingdom of God is righteousness, peace, and joy in the Holy Spirit (Rom 14:17). Focus your daily life on the Kingdom and these three blessings.

For those who may feel overwhelmed or afraid of what's unfolding, how do we hold fast to Scripture and remain anchored in truth?

PS: When Christ was headed toward His crucifixion, He hated (despised) what was coming, yet He endured it, knowing the joy that would follow the pain (Heb. 12:2). Imagine the day

we will be with the Lord and how exciting that will be! Paul taught us to forget the past and focus on the prize (Phil. 3:13). Run to win the race (Heb. 12:1-2). Don't be distracted by media nonsense and people who live to pull others into their net. Look to Jesus, the author and finisher, and never forget that the best is yet to come!

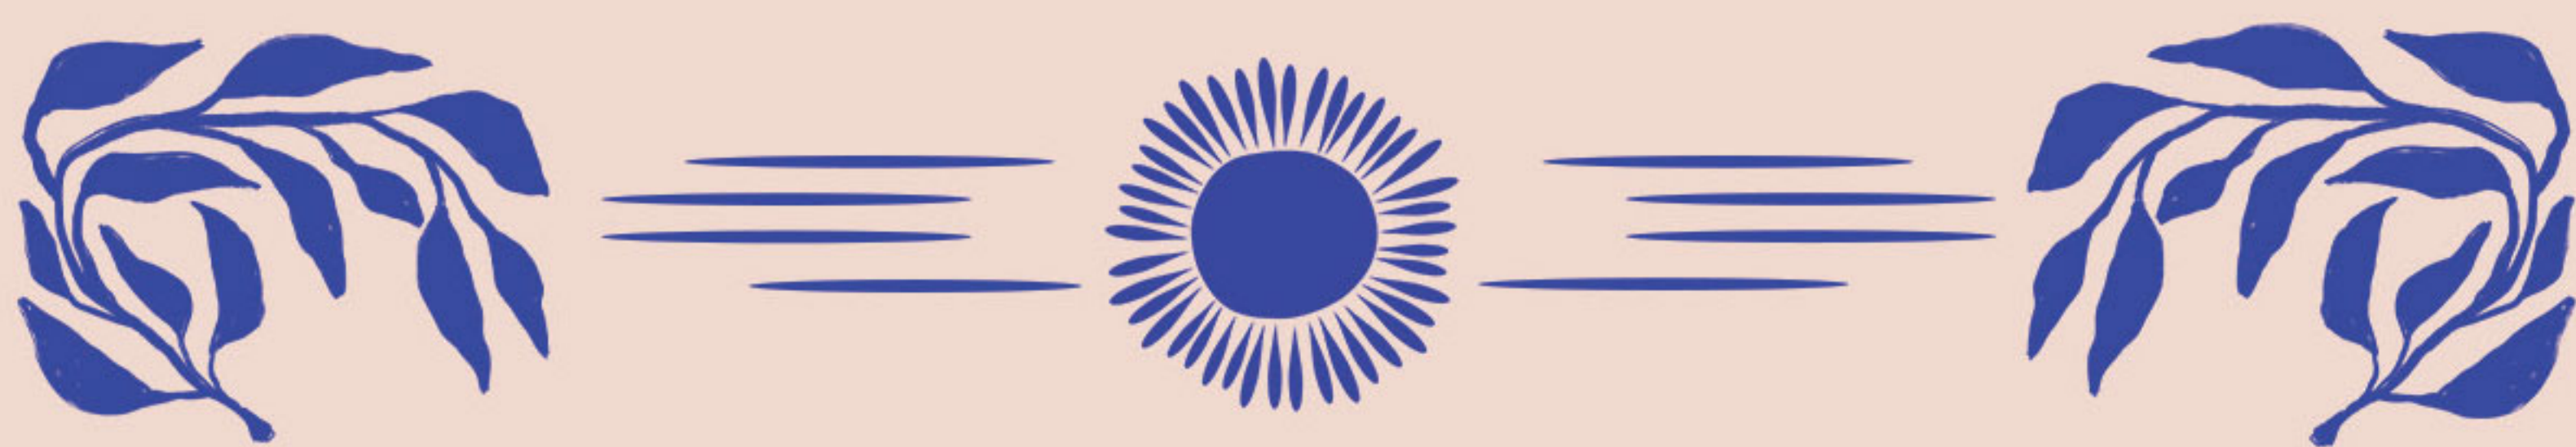

There is a growing divide - even among Christians - about how to view Israel's actions. Why is it critical for believers to understand Israel's biblical role, especially in the last days?

PS: We do not have to always agree with every political decision Israel's government makes. However, since their establishment as a state in 1948, they have fought for their survival, both from outside forces and inside enemies. The Bible makes it clear, especially in Revelation, that the final seven years of man's government is not linked to the church, but to Israel, the Jews, and Jerusalem. If Satan can destroy Israel, he can accuse God of being a liar and His promises of being untrue. However, God will fight and defend Israel and His everlasting covenant, as it is from Israel and Jerusalem that Christ will one day rule.

What are the key prophetic indicators that believers should be watching for next, and how close do you believe we are to major End Time events?

PS: When Christ gave the numerous End Time signs, He pointed out that, "When these things begin to happen, look up and lift up your heads, because your redemption draws near" (Luke 21:28). We are entering a major prophetic season of acceleration. Knowledge and forms of technology double every twelve months, instead of twelve years. We go to bed at night and wake up at sunrise, only to find that another tsunami, earthquake, virus, or war has occurred that points to yet another birth pang of the Messiah. As these events unfold, we are told to pay attention, yet at the same time, look up!

Fasting, prayer, and praying in the Spirit are no longer optional, and we must remain consistent.

A letter from our President

JONI LAMB

Dear Partner,

As we enter this season of thanksgiving, I am reminded of the beauty of God’s promise that what we sow will always bring a harvest. Galatians 6:9 says, “*Let us not become weary in doing good, for at the proper time we will reap a harvest if we do not give up.*” What an encouragement! Every prayer, every seed of faith, and every step of obedience matters. God is faithful to bring fruit from the seeds you’ve sown, often in ways far greater than we could imagine.

That’s why I want to pause and say a heartfelt **thank you** to our incredible Daystar partners for standing with us during last month’s *Heart for the World*. Everything we do is possible because of your faithfulness and generosity. We had such an amazing week together with anointed guests who poured the Word of God into us and ministered prophetically about the days we are living in. My prayer is that even as you sowed into this ministry with your offering, God used that time to bless, refresh, and encourage you as well. And remember, if you ever need prayer or encouragement, our Daystar team is here for you 24/7 at 1-800-329-0029.

And we’re already seeing the impact of your giving at work! I’m excited to share some wonderful network news that highlights the growth you’re helping us achieve—especially in reaching the Spanish-speaking world with the hope of Jesus. **Daystar Español** has now launched on Colsecor channel 895 in **Argentina and Bolivia**, reaching **400,000 homes**. We’ve also launched in **Ecuador** on one of the country’s leading pay-TV providers, Xtrim, available on both cable and streaming platforms to **450,000 homes** on channels 710 and 86.

What a joy to see the message of Jesus going farther and touching lives we could never reach without you. Thank you again for your prayers and generosity that keep this mission moving forward. As we reflect this month on all God has done, I pray that you will also see a harvest of blessing in your own life—pressed down, shaken together, and running over.

With a thankful heart,

Paul from Illinois

A few days ago, I submitted a prayer request, and immediately God impressed me to meditate on scriptures in Ephesians about being one with Christ, spiritual armor, and authority. My viewpoint shifted to the Father’s perspective, and I was so encouraged knowing others were standing in agreement with me in prayer. Thank you, Daystar!
