I downloaded the Daystar app today and, to my surprise, Reflections was on it! That program got me through the worst time of my life when I was bedridden, in so much pain, and the doctors didn't know what was happening to me. Being trapped within the four walls of my bedroom wasn't easy, but seeing all the beautiful places and hearing the scriptures helped me make it through those long nights alone. I'm so thankful for Reflections and Daystar.

EXPOSING THE DARKNESS

with Perry Stone

You wrote a book called *Return of the Dark Angel*. Who—or what—is the "Dark Angel," and why is this message so important for believers today?

PS: It would take several pages to explain the amazing, true, personal story behind the "Dark Angel." In brief, it is a demonic being that is assigned to individuals in a family. Unless it is exposed and prayed against, it can manifest during specific seasons, attacking in specific cycles. I discovered a death cycle on my mom's side of the family that occurs every twelve years. Christ taught us that spirits can depart and later return (Luke 11:42-45). I wanted to teach people how to discover these cycles in their families. That is why I wrote the book.

October is a time when our culture becomes fascinated with darkness, the occult, and the supernatural. From a biblical perspective, how should Christians respond to this season without living in fear?

PS: Satan is a counterfeiter. Because the fall season prophetically reveals our future in God's three fall festivals (Jesus' return, the tribulation, and the millennial reign), Satan has chosen this season to set his own festival on October 31st during which the demonic realm is at its highest activity. I encourage Christians to not celebrate this time in any manner, but to replace the day with Christ-based activities for families and children. Biblically, we are not to fear a vanquished foe. Christ now has all authority in heaven and on earth (Matthew 28:18).

You write about ancient spiritual forces that continue to influence the world today. Are we seeing those same forces becoming more active in our generation?

PS: Nations, cities, and individual people can open the door to demonic spirit activity by practicing evil that is contrary to God's biblical covenant. When Satan is eventually cast out of heaven, he will release great wrath on the earth, creating a time of trouble such as the world has never witnessed (Revelation 12:12). This will be a limited time of 42 months, concluding with Christ's return to earth. As we get closer to this day, there will be an increase in demonic activity as people are yielding more to the works of the flesh.

Many people dismiss spiritual warfare as symbolic or metaphorical. What would you say to them?

PS: I would suggest that they read Job 1-2, Daniel 10, Zechariah 3:1-6, and Ephesians 6:12 in detail. I would include the stories of Satan provoking David to number Israel and the judgment that followed (2 Samuel 24) and Paul battling a "hindering spirit" (demonic messenger) causing him a "thorn in the flesh" (2 Corinthians 12:7). There is absolutely nothing symbolic or metaphorical about any of these biblical warfare narratives, as Satan (the fallen angel) or an evil prince spirit is alluded to in each of these stories.

You connect current global events to patterns we see throughout Scripture. What recent developments make you believe we're entering a significant prophetic season?

PS: America's younger generation is becoming hatefully Anti-Semitic. The war in Iran (Persia) is setting up the alignment for the war of Ezekiel 38 and 39. The Ring of Fire is awakening with earthquakes and volcanoes (Matthew 24:6-7). The sun is releasing dangerous solar flares, and

strange comets, asteroids, and other phenomena are being documented in the second heaven (Luke 21:25). The New Testament predicts parallel signs from the days of Lot and the days of Noah that are certainly repeating at the present. This is just a short list!

Hollywood has normalized witches, wizards, magic, and other occult themes in entertainment. Are these simply innocent stories, or do you believe Christians should be more discerning about what they allow into their homes?

PS: In my childhood, we watched Bugs Bunny, Road Runner, Captain Kangaroo, and Popeye. Today it is witches, demons, horror movies, spells, murder, and hauntings. Movies, songs, television programs, and videos plant seeds with the goal of making evil, witchcraft, and incantations fun and acceptable. I often say, "If Jesus, Paul, and Peter were sitting at your laptop or in your living room, would they enjoy what you are watching?" If the answer is, "Probably not," then you should reevaluate what you are feeding your own soul and spirit!

The Bible tells us not to be ignorant of Satan's devices. What are some of the enemy's most effective strategies against believers today that often go unnoticed?

PS: There is a new type of deception. The new strategy is not just sin deception but information deception, mainly through social media. I have seen YouTube thumbnails with false images to pull curious people to click on their content, which is often misinformation. We see AI being used with a non-human voice and pictures that are not real, and some weak-minded people believe that the information must be true. Jesus warned that even the elect would be deceived (Matthew 24:11-13). We are living in a Matthew 24 reality.

As Christians, we must not allow ourselves to be defiled by information deception. David would describe today's opportunist types as those who "howl like a dog and go around the city" (Psalms 59:6-7). Without discernment, many will fall for fake news.

Is there a connection between the growing interest in witchcraft, the occult, New Age spirituality, and the prophetic warnings Jesus gave about the last days?

PS: Paul warned us to beware of "seducing spirits and doctrines of devils" in the Last Days (2 Timothy 4:1). The occult seldom impacts biblically literate Christians. But there can be cycles and patterns in which the enemy plots attacks. This is what my book details and may be the most important exposé on how this cyclical system works!

You often teach that believers have authority over the enemy. Practically speaking, what does it look like to exercise that authority in everyday life?

PS: At age 18, one of my mentors taught me, "If you talk about the devil continually, he will show up. If you brag on Jesus, He will show up!" God's delivering power is released and transferred through the laying on of hands (Mark 16:18). Spiritual authority is released when we agree with Scripture and speak His Word (Matthew 8:8). Christ expelled evil spirits and healed the sick by using both. He was anointed with the Holy Ghost (to preach) and power (to heal) (Acts 10:38). We must be filled with the Holy Spirit and know the Scriptures. This is God's combination that allows us to be overcomers.

RETURN OF THE DARK ANGEL

Every October, images of witches, demons, ghosts, and the supernatural seem to be everywhere. Many believe it's simply part of the fun of the season. But as our culture becomes increasingly fascinated with witchcraft, the occult, and spiritual darkness, Christians have an important question to ask: What does the Bible say is happening in the unseen realm?

In his eye-opening book, *Return of the Dark Angel*, Perry Stone takes readers deep into Scripture to explore the reality of spiritual warfare, fallen angels, demonic powers, and the forces of darkness at work in our world.

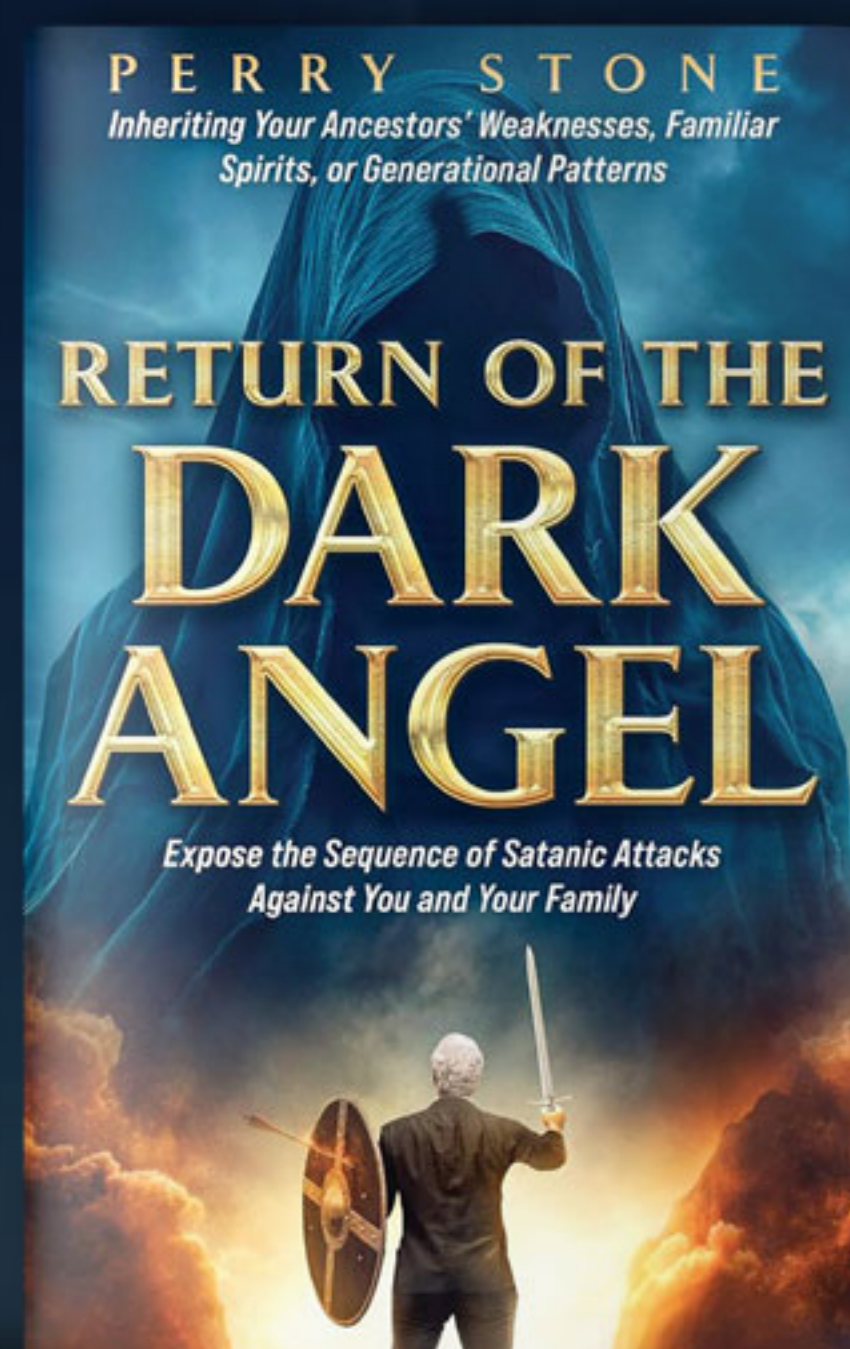

Known to Daystar viewers for his extensive teaching on biblical prophecy and the End Times, Perry examines ancient biblical accounts alongside prophetic passages to help believers understand the spiritual battle taking place around us. He explores questions surrounding fallen angels and their influence, the increase of occult practices, and how ancient spiritual patterns may be resurfacing as we move closer to the return of Christ.

For believers, understanding these things is not about becoming fascinated with darkness or living in fear of it. It is about discernment. Scripture tells us that our struggle is ultimately spiritual, which makes knowing God's Word and recognizing the enemy's strategies especially important.

Return of the Dark Angel will challenge you to look beyond what is happening on the surface and consider the spiritual realities behind it. It will also remind you that Christians do not have to fear the powers of darkness. Jesus has already defeated the enemy, and believers can stand confidently in His authority and truth.

This month, when you give a special gift of \$25 or more to Daystar, we'll send you a copy of *Return of the Dark Angel* as our way of saying thank you. Your partnership helps Daystar continue sharing the Gospel of Jesus Christ around the world and equipping millions with biblical truth.

As conversations about darkness and the supernatural surround us this season, we believe this is a timely resource to have in your hands. Fill out the enclosed form and send your gift today to receive your copy of *Return of the Dark Angel* and discover what Scripture reveals about the unseen battle and the victory we already have in Christ.

THE ENDTIME SHOW

— with Dave Robbins

The Endtime Show with Dave Robbins, Wednesdays at 11pm ET on Daystar

The headlines are moving fast. Wars and rumors of wars, shifting global alliances, developments in Israel, advancing technology, and growing uncertainty around the world have many believers asking the same question: **Where are we on God's prophetic timeline?**

That's why we're so excited to announce the launch of ***The Endtime Show with Dave Robbins***, now airing **Wednesdays at 11pm ET** on Daystar.

Hosted by **Bible prophecy teacher Dave Robbins**, *The Endtime Show* helps viewers make sense of current events through the lens of Scripture. Each week, Dave takes stories unfolding around the world and examines how they may connect to biblical prophecy, giving viewers a deeper understanding of what the Bible says about the days leading up to the return of Jesus Christ.

For anyone who has ever studied End Time prophecy and wondered how it all fits together, this program is a fascinating resource. Dave tackles some of the biggest topics in Bible prophecy, from Israel and the Middle East to global government, emerging technology, the Antichrist, the mark of the beast, and events surrounding the Second Coming.

Just as importantly, *The Endtime Show* encourages believers to understand prophecy for a purpose. Knowing what Scripture says about the future should strengthen our faith, deepen our urgency to share the Gospel, and remind us that God remains in control no matter what is happening in the world.

In a time when a single headline can leave people fearful or confused, biblical perspective matters. *The Endtime Show* gives viewers an opportunity to look beyond the news cycle, dig into God's Word, and **become better equipped to recognize the times while keeping their eyes fixed on Jesus.**

If you love studying Bible prophecy or have questions about how today's world could fit into what Scripture foretold, make

The Endtime Show with Dave Robbins part of your week.

Tune in Wednesdays at 11pm ET on Daystar and discover what Bible prophecy can teach us about the world today, what may be coming next, and how we can live ready for the return of Christ.

Dear Partners,

Fall is in full swing here in Texas. The air is finally getting cooler, the days are getting shorter, and what was green has begun to turn. I’ve been thinking a lot about seasons lately. Our family is in a new season, and I know each of you is walking through one of your own, too. Some seasons are filled with joy and celebration. Others carry grief or uncertainty. Some give us room to rest, while others require us to dig deep and push forward.

Ecclesiastes 3:1 tells us, “To everything there is a season, a time for every purpose under heaven.” Whatever today looks like, God is with us in it. He is with us now, and He’ll be with us tomorrow. So don’t lose heart! Seasons don’t last forever. They change in God’s sovereign timing, and through every one of them, He faithfully leads us. I find so much peace in that truth, and I hope it encourages you, too!

I’m also so excited about how quickly Daystar is growing. In recent weeks, new launches in India, Indonesia, Bulgaria, Latin America, and beyond have opened the door to millions more viewers. Daystar Español is now pre-installed on Samsung Smart TVs in Mexico, giving **9 million devices access**, and on LG TVs across five Latin American countries, reaching **5.8 million monthly active users**. Both Daystar and Daystar Español are also now available through TCL’s global Smart TV ecosystem.

Think about what that means. Someone can bring home a new television, turn it on, and Daystar is already there! And with our newly updated **Daystar App**, you can also watch on **Roku, Fire TV, Android TV, Apple TV, Google TV, Samsung, LG, and Vizio**, with new shows added every week. As the way people watch television evolves, we’re growing right along with it, making the Gospel accessible to every generation.

And this month, **Heart for the World returns October 11–18!** We have an incredible week of ministry planned with special guests including **Rabbi Jonathan Cahn, Perry Stone, Rick Renner**, and many more.

This will be our first *Heart for the World* without Mom, and I know we’ll feel her absence deeply. But we’re moving forward with confidence, carrying the vision she and Dad faithfully built for decades. Above all, we want to bring glory to God while honoring the incredible legacy they entrusted to us. I hope you’ll tune in and join us.

Remember, in every season that lies ahead, the One leading us never changes. Thank you for your faithfulness, your prayers, and for continuing to move forward with us.

With love,

Rachel Lamb Brown

My heart is full of sorrow for you all with the passing of our precious Joni. For the past 30 years, she has been an inspiration to me through her sincere commitment to the Lord and the truth of God’s Word. I know she is safe with Jesus and our Father. Thank you for carrying on your parents’ legacy. May God give you strength and courage to continue in the truth of His Word.

Praise God, I’ve been healed from lymphoma cancer! I called the Daystar Prayer Line many times, and I continue to receive good reports from my doctors. After many chemo treatments and a CAR T-cell transplant, God walked me through it all, and I didn’t experience the side effects the doctors expected. I rejoice in my Savior! God is so good. Thank you for all the prayers, and God bless Daystar!
